HPL COLLECTION

Greenlam Industries Limited is a leading innovator and manufacturer of laminate solutions. With two manufacturing facilities with a combined output in excess of 50.08 million square meters per annum, Greenlam's broad range of products are widely specified and chosen in over 100 countries. The partnership with PVC Coating International Ltd. ensures a significant investment in stock on the ground with industry leading service standards.

The Greenlam HPL collection offers stunning decors to cover every latest design trend. This means that specifiers and designers can continue to specify Greenlam decors to ensure visually stunning and durable results across their projects. Greenlam products lead the way in terms of durability and performance. With many specialist value added enhancements the complete range ensures that the collection meets the broadest functional and design aesthetics in the most demanding environments.

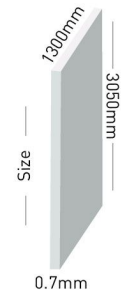

HPL (HIGH PRESSURE LAMINATES)

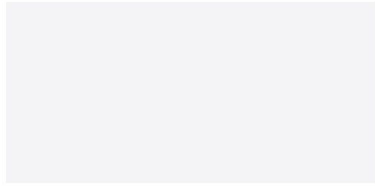

Protective surface (for print decors) impregnated with melamine resin

Decorative paper impregnated with melamine resin
